I got something
from your cute, little Akane-chan.
Akane
What is that?
A letter ♪
To Shinobu-san

I can see that.
Why do you...
I'm not telling you~
It's just
the reveal of Akane-chan's sincere feelings.

...Let's say it could be that.

Her composition is graceful and calm.
She really is a good girl~

Unlike email, they're full of flesh and blood feelings that have warmth.

Hey, Akane...
I think that falling in love with someone
is probably not something you can choose.
You might fall in love with someone you're not supposed to.
For instance, even if that love is returned,
you probably won't be blessed, you'll be harassed with prejudice and discrimination
It's not hard to imagine you'd probably lose something in exchange for your happiness.
